Lesson 1

Drill 1 – Irish Bulldog

- Organise players as in diagram.
- The player who is on calls a name.
- This person must attempt to make it over to den without being touched or running outside the area. If the runner is successful all other players can run simultaneously.
- If a person is caught they are also on. When 4 players are caught they must link hands and work together as a unit in the manner of a net to catch runners. However if the chain is broken all runners are allowed pass through.
- Occasionally player 1 or the coach may call “IRISH BULLDOG”. In this case all players must run.

Lesson 1

Drill 2

Basic practice – one ball between two punt kicking to each other.

Begin at 5m apart and increase after 2mins to 10 and so on. Allow for equal time on each foot.

Coaching Tips

- Punt kick – straight on kick.
- Aim – face target.
- Ball dropped to foot – beware child throwing up to kick.
- Eyes on ball at all times.
- Knee bent, toe pointed out like ballerina.
- Contact on laces part of boot. Follow through.
- Try not to “break the glass” – imagine a pane of glass right down the centre of your body. Your kicking foot should not break it/cross the middle of your body.
- If child is kicking with right foot try and make sure the last hand that is touching the ball on the drop is the right hand. “Right hand right foot, left hand left foot”.

Lesson 1

Drill 3

1. Drill in groups of 3s/4s.
2. Set out as above three cones 15m apart.
3. Player runs out around cone B bouncing/soloing the ball every 4 steps. Around the cone and handpass back to next player.
4. Progress to going out around cone C and punt kicking back to cone A. Join back of group.
5. Drill on right hand side. 3 players at each end, two footballs. Player takes four steps and then kicks to group at other end. Follow your kick and join back of group.

Circle game – how many footballs can you pick up in 30 seconds? You can not pick up a ball twice in a row.

- Points for catching, if the ball hits ground point for kicking team or point to catching team if ball lands in no mans land or outside of the court.

Alternative – no mans land prisoner

- When a person kicks ball out of court or drops a ball they go to far end of court. They can be brought back into their own zone if they catch a ball kicked over by their own team

Lesson 5

Lesson 5

Drill 2

Drill

Groups of 4

Player at cone A solos ball to player at cone B and takes his/her place.

Player at cone B punt kicks ball to player at cone C and takes his/her place.

Player at cone C hook kicks ball all way back to next player ready at cone A and takes his/her place at back of line at cone A.

Lesson 5

Drill 3 - Blockdown

Technique – keep eyes open, get in close to kickers supporting leg, hands held stiffly with fingers close together.

Situation A – begin with blocker (yellow) on their feet with ball thrower (red) on their knees. Ball thrower gently throws ball up from a kneeling position for the blocker to step in and block with two hands. Allow blockers confidence grow and begin to make throws stronger as blocker improves.

Situation B – blocker on knees, ball kicker on feet. Kicker 3 steps in a pre-arranged direction before kicking ball gently. Blocker on their knees will know where the block will take place. Keep eyes open on ball and kicking foot of kicker. Blocker to get in as close as possible to kickers supporting leg and block ball as it leaves the foot of kicker.

Lesson 5

Game

Match 4 teams of 7/8.

Modified rules:

No bouncing, soloing or hand passing.

Kicking all the time to increase number of opportunities to block.

Goals = 3 points

Block = 5 points

Lesson 6

Drill 1 – Block Down

Groups of 3

2 cones 5m apart

One player at each cone and one in the middle.

Players at cones have to try and play ball to each other by whatever means throwing, kicking, rolling, bouncing.....

Player in the middle can move in between the two cones and has to try and block the ball down.

Whoever plays the ball last before getting blocked goes in the middle.

Lesson 6

Drill 2 - Tackling

- As in group A – in pairs – one with ball one without.
- Player with ball begins to walk and bounce ball every 4 steps towards furthest cone away.
- Player without ball walks along and attempts to slap ball away with his/her closest hand.
- Player in possession must walk in a straight line.
- The tackling hand must be held open and not as a closed fist.
- The nearest hand is used to dispossess as referees will usually give a free when they see one arm coming across the body of the player in possession. The player in possession can also drag the defender to the ground and still get a free.
- Progress to a jog and further to a run. Swap roles after each run.

Lesson 6

Drill 3 – Run the gauntlet

Set out drill as above.

Rectangle with paired players lined up opposite each other on the lengths of the rectangle. These players are hand passing or kicking the ball over and back to each other (yellow and red).

The players in the middle (blue) have to transfer all the footballs from point A to point B, one ball at a time, by crouch lifting and soloing.

Blue players must avoid being hit by passers. Passers have to get as many passes in as possible in the time it takes for all footballs to be moved point to point.

Lesson 6

Game

Match 4 teams of 7/8.

Modified rules:

One solo one hop.

Goal = 3 points

Point = 1 points

Block = 5 points

Tackle = 7 points
